Warm-up Class- 20% of final applied lessons grade

Students must attend one of two technique/warm-up classes each week. These will be 50 minutes two days a week and the date(s), time(s), and location(s) can be found below. You can attend whichever class works best for your schedule as long as you attend one a week. Grading is determined by attendance, attitude, and preparation. Preparation is key.

Attendance Policy-Arriving to class later than 10 minutes constitutes a tardy. Three of these will count as one unexcused absence. Later than 30 minutes, no credit for that class. Each student may miss one week's worth of class with no penalty to their final grade. Each absence after that is a letter grade off their final warm-up class grade. Five absences result in failure of this portion of your final grade and the highest applied lessons grade you might receive would be a 79%.

Make ups-I'm pretty sure we're all human. Oversleeping happens, to make up one week's unexcused absence, attend two full weeks of class (both classes for two weeks). You may submit a video for ONE unexcused absence to redeem for full credit for the week missed. The video must be submitted to Dr. Hightower before the next week's warm-up class. It must be one take, unedited, with at least 80% accuracy to be accepted.

Meeting Times, all in Room 17:

Tuesdays at 7am

Wednesdays at 8am

(Mondays at 8am where applies)
